NOTE:

In researching manipulatives and learning aids for this Teachers Resource Program we selected items that dovetailed with the Archie's Math exhibits that students and teachers would have experienced at an Archie's Math event. We also kept in mind the cost outlay to teachers and schools. We found in our research that in many cases there were similar products to choose from, and in varying price ranges. To find additional options than those shown on the Research Sheet be sure to check the "**Resources/Downloads/Freebies**" section at the bottom of each resource sheet for more internet sites offering cost effective teacher aids, activities and worksheets on that subject.
